

# Lexington County Community Cat Diversion \*\*LIFE SAVING PROGRAM\*\* Begins October 1, 2017

Did you know that *less than 5% of all cats picked up by animal control EVER make it back to their homes in Lexington County?*

Did you know that *75% of the cats that entered Lexington County Shelter last year were euthanized?*

Our Leaders of Lexington County are now focusing on the **ONLY** proven life saving program for cats: **TNR--Trap, Neuter and Return**  
This program will be in effect starting **October 1, 2017.**

**Any outside cat that is not ear tipped, tagged or micro-chipped can be Trapped Neutered and Returned starting Oct. 1st.**

**Lexington County will NO longer pick up outside cats, hold them at their shelter and euthanize if they are NOT claimed.**

**If you allow your cat to go outside, PLEASE get him/her altered and microchipped.**

**Do the responsible thing:  
spay/neuter & microchip your  
cat by October 1st.**

---

**Our Spay/Neuter Clinic offers spay/neuter surgeries at discounted prices:**

<http://bit.ly/PawmettoSNC>

---

**Our Care-A-Van Mobile Vaccine Program is in Lexington County often and can provide the microchip & registration at a great price:**

---

**OVER THE LAST TEN YEARS MORE THAN 30,000 CATS  
HAVE DIED IN OUR LOCAL SHELTER!**

**We have a chance to save our cats and control the population by partnering with our County leadership on this proven best practice program.**

**Will you be a part of the solution?**
